

Air Force Court-Martial Summaries

April 2019

This report lists convictions and acquittals for general and special courts-martial. The Air Force publishes these cases for deterrence purposes. Each military justice case must be resolved on its own facts. There are no expected or required dispositions, outcomes, or sentences in any military justice case, other than those resulting from the individual facts and merits of a case and the application of due process of law. Adjudged sentences reported here do not reflect any relief on the sentence that may have been granted during clemency or on appeal. When an Airman agrees to plead guilty to charges in return for some action by the convening authority, those pretrial agreements are noted and any impact on the adjudged sentence is included in the summary.
